

Pictures of Judgement and Grace: The Mountain of the Lord (Is 1:1-2:4)

How will God bring blessing to the whole earth through His people, when they are a shadow of what they should be?

...when they do not know him?

...when they have turned their backs on him?

...when the nations are ransacking his people?

...when their hands are full of blood?

...when they are a shadow of what they should be?

God will bring salvation through judgement

Judgement is never easy, but God's judgement is good. For it purifies what is impure. It gives worth to what is worthless. It restores what is broken - to bring blessing to the whole world.
